

# Elke's Revitalising Face Cream

Thank you for choosing to purchase one of my products. As with all products containing Essential Oils, please check ingredients if you have any sensitivities to certain Oils. Generally contraindications for Essential Oils refer to when the Oil is used at 100% strength. My products are always heavily diluted in a base product such as Shea Butter; Moisturiser; Shampoo Base etc. If you are unsure, please check with your doctor before using any of my products.

Elke's Revitalising Face Cream is made from beautiful essential oils renowned for their restorative; nourishing; pore refining and tightening properties. The Natural Base is made from Organic cold pressed oils of macadamia, sweet almond, sunflower, rosehip Olivem 1000 emulsifier, and organic vegetable glycerine. It does not contain thickeners or synthetic chemicals.

**Geranium:** The health benefits of Geranium Essential Oil can be attributed to its properties as an astringent, hemostatic, cicatrisant, cytophylactic, diuretic, deodorant, styptic, tonic, vermifuge and vulnerary agent. It is widely used for its ability to balance hormones, relieve stress and depression, reduce inflammation and irritation, improve the health of the skin, alleviate the effects of menopause, and improve circulation. Geranium Oil is an astringent and makes the skin, tissues and blood vessels contract. It can also prevent muscles and skin from sagging. Finally, it can reduce the presence of wrinkles by tightening the facial skin, thereby delaying some of the effects of premature aging. It is a powerful cicatrisant, so it helps the [scars and other spots on the skin to fade and vanish](#). It facilitates blood circulation just below the surface of skin and also helps promote a uniform distribution of melanin.

**Cytophylactic:** Geranium Oil promotes cell health, encourages the recycling of dead cells, and the regeneration of new cells. This helps in the growth of the body cells as well as the gametes, by making the body metabolize things efficiently.

**Styptic:** *A styptic causes the blood vessels to contract and thus slows down or stops the flow of blood. This can be a problem for some people with high blood pressure and risk of cardiovascular diseases like atherosclerosis, heart attacks, and stroke.*

Lavender is useful for treating various skin disorders such as acne, wrinkles, psoriasis, and other inflammatory conditions. It is commonly used to speed up the healing process of wounds, cuts, burns, and sunburns because it improves the formation of scar tissues..

**Carrot Seed:** It tones the skin and prevents it from hanging loose or showing signs of aging.

**Cytophylactic:** Carrot seed essential oil stimulates the growth of new cells and tissues. It can help you retain your youth and look refreshingly young even as your friends start balding and showing wrinkles on their faces. Actually, antioxidants in this essential oil repair a lot of the damages done to your tissues by oxidants (free radicals) and stop them from doing further harm. These antioxidants protect your skin from wrinkles, keep your hair from turning white, your joints from stiffening, your muscles from weakening and your eyesight from declining.

**Frankincense:** Anti-aging - As a Cytophylactic, Frankincense Oil promotes regeneration of healthy cells and also keeps the existing cells and tissues healthy. When you combine this aspect of frankincense oil with its powerful astringent capabilities, you have a potent [anti-aging quality](#) that frankincense oil is often used for. It can help you to eliminate sun spots, remove micro-wrinkles around the eyes and cheeks, and generally tone and tighten skin all over your body, while simultaneously replacing old or dying cells with new, healthy ones! It's [astringent quality](#) also reduces the appearance of wrinkles,

**Directions for use:** This Revitalising Cream has no thickeners or chemicals in it, thereby making it a very light and fluid cream to apply. A tiny bit goes a long way, and it does not make your face feel oily or sticky, as it is easily absorbed by your pores. Use morning and night to leave your skin feeling soft all day.

**Please note: Individual results may vary.**

**Price: 50 grams = \$20.00**

**Postage = \$10.00 for under 500 grams**

Payment can be made by Paypal or direct deposit or via the website.
